Dear Mr. Whorf:

I write to ask if you can help me out with a statement of the fishing operations of J. A. Herbert at Seldovia this season. I want to get an approximation as to the number of tierces of mild cured salmon he put up, or otherwise prepared; also the fishing gear and boats used, and number of whites and natives employed.

To date have heard nothing from Herbert, and am anxious to close up my preliminary report, so turn to you for assistance.

Thanking you in advance, I am

Very truly yours,

Asst. Agt. Alaska Salmon Fisheries.
